

```
v8::internal::anonymous  
_namespace{elements::cc}  
::FastElementsAccessor::  
  HasEntryImpl
```

A diagram consisting of two rectangular boxes connected by a blue arrow. The left box is shaded gray and contains C++ code. The right box is white and contains a reference to a specific element accessor. The blue arrow points from the left box to the right box, indicating a pointer or reference relationship.

```
v8::internal::InternalIndex  
::as_int
```
