

```
v8::internal::compiler  
::turbohaft::TurbohaftAssembler  
OpInterface::ChangeFloat64ToInt64OrDeopt
```

A diagram showing a call from the TurbohaftAssembler to the V::Cast method. A grey box on the left contains the call site information, and a white box on the right contains the target method information. A blue arrow points from the grey box to the white box.

```
v8::internal::compiler  
::turbohaft::V::Cast
```
