

v8::internal::compiler
::turbohaft::PipelineData
::set_code

```
graph LR; A["v8::internal::compiler  
::turbohaft::PipelineData  
::set_code"] --> B["v8::internal::DCHECK"]
```

A diagram showing a call from the `v8::internal::compiler::turbohaft::PipelineData::set_code` function to the `v8::internal::DCHECK` macro. The source function is in a grey box on the left, and the target macro is in a white box on the right, connected by a blue arrow.

v8::internal::DCHECK
