

v8::internal::wasm  
::gdb\_server::GdbServerThread::Run

```
graph LR; A["v8::internal::wasm  
::gdb_server::GdbServerThread::Run"] --> B["v8::internal::wasm  
::gdb_server::GdbServerThread  
::CleanupThread"]
```

A diagram showing a call from the `Run` method to the `CleanupThread` method. The `Run` method is in a white box on the left, and the `CleanupThread` method is in a gray box on the right. A blue arrow points from the `Run` box to the `CleanupThread` box.
