

v8::internal::compiler  
::turbohaft::OperationT::New

```
graph LR; A["v8::internal::compiler  
::turbohaft::OperationT::New"] --> B["v8::internal::compiler  
::turbohaft::ShadowyOpIndex  
VectorWrapper::size"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'v8::internal::compiler' and '::turbohaft::OperationT::New' on two lines. The right box is gray with a black border and contains the text 'v8::internal::compiler', '::turbohaft::ShadowyOpIndex', and 'VectorWrapper::size' on three lines.
