

```
v8::internal::anonymous  
_namespace{experimental  
_interpreter::cc}::NfaInterpreter  
::NewCaptureClockArray
```

```
graph LR; A["v8::internal::anonymous  
_namespace{experimental  
_interpreter::cc}::NfaInterpreter  
::NewCaptureClockArray"] --> B["v8::internal::DCHECK"]
```

A diagram showing a call to the `NewCaptureClockArray` method of the `NfaInterpreter` class. The call is shown in a grey box on the left, and an arrow points from it to a white box on the right containing the text `v8::internal::DCHECK`.

```
v8::internal::DCHECK
```
