

```
v8::internal::maglev  
::anonymous_namespace  
{maglev-ir-x64::cc}::Generate  
ReduceInterruptBudget
```

A diagram showing a function call. A blue arrow points from the 'Generate' function in the left box to the 'HandleInterrupts AndTiering' function in the right box. Both boxes have a black border and contain text representing a namespace and function signature.

```
v8::internal::maglev  
::anonymous_namespace  
{maglev-ir-x64::cc}::HandleInterrupts  
AndTiering
```
