

v8::internal::compiler  
::BytecodeLivenessState  
::register\_count

```
graph LR; A["v8::internal::compiler  
::BytecodeLivenessState  
::register_count"] --> B["v8::internal::BitVector  
::length"]
```

A diagram showing a pointer relationship. On the left, a gray rectangular box contains the text 'v8::internal::compiler', 'v8::internal::BytecodeLivenessState', and 'v8::internal::register\_count'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'v8::internal::BitVector' and 'v8::internal::length'.

v8::internal::BitVector  
::length
