

v8::internal::compiler  
::InstructionOperandConverter  
::linkage

```
graph LR; A["v8::internal::compiler  
::InstructionOperandConverter  
::linkage"] --> B["v8::internal::compiler  
::CodeGenerator::linkage"]
```

A diagram showing a linkage from a source module to a target module. The source module is represented by a gray box on the left, and the target module is represented by a white box on the right. A blue arrow points from the source module to the target module, indicating the direction of the linkage.
