

```
v8::internal::compiler  
::LinearScanAllocator  
::InactiveLiveRangeOrdering  
::operator()
```

```
graph LR; A["v8::internal::compiler::LinearScanAllocator::InactiveLiveRangeOrdering::operator()"] --> B["v8::internal::compiler::LiveRange::NextStart"]
```

A diagram showing a call from the `LinearScanAllocator` to the `InactiveLiveRangeOrdering` operator. The call is represented by a blue arrow pointing from the left box to the right box.

```
v8::internal::compiler  
::LiveRange::NextStart
```
