

v8::HeapProfiler::StartSampling  
HeapProfiler

```
graph LR; A["v8::HeapProfiler::StartSampling  
HeapProfiler"] --> B[flags]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is gray with a black border and contains the text 'v8::HeapProfiler::StartSampling' on the top line and 'HeapProfiler' on the bottom line. A blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'flags'.
