

v8::internal::AllStatic

```
classDiagram
    class AllStatic["v8::internal::AllStatic"]
    class BasicBlockCallGraphProfiler["v8::internal::compiler::BasicBlockCallGraphProfiler"]
    BasicBlockCallGraphProfiler --|> AllStatic
```

The diagram consists of two class boxes. The top box, representing `v8::internal::AllStatic`, is divided into three horizontal sections: the top section contains the class name, and the two bottom sections are empty. The bottom box, representing `v8::internal::compiler::BasicBlockCallGraphProfiler`, is divided into three horizontal sections: the top section contains the class name, the middle section is empty, and the bottom section contains two public methods, `+ StoreCallGraph()` and `+ StoreCallGraph()`. A blue arrow with an open triangular head points from the top section of the bottom box to the bottom section of the top box, indicating an inheritance relationship.
