

```
cppgc::internal::Sweeper  
::SweepForAllocationIfRunning
```

A diagram illustrating a pointer relationship. On the left, a gray rectangular box contains the C++ code `cppgc::internal::Sweeper::SweepForAllocationIfRunning`. A blue arrow points from the right side of this box to a white rectangular box on the right, which contains the text `size`. The arrow indicates that the function points to or references the `size` variable.

```
size
```
