The diagram illustrates a relationship between three V8 internal functions. On the left, there are two white rectangular boxes. The top box contains the text 'v8::internal::YoungGeneration MarkingVisitor::VisitPointer'. The bottom box contains the text 'v8::internal::YoungGeneration MarkingVisitor::VisitPointers'. On the right, there is a single gray rectangular box containing the text 'v8::internal::YoungGeneration MarkingVisitor::VisitPointersImpl'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that both 'VisitPointer' and 'VisitPointers' are implemented or handled by 'VisitPointersImpl'.
