The diagram illustrates a dependency structure where two source files, `/mnt/V8SourceCode/src/builtins/builtins-collections-gen.cc` and `/mnt/V8SourceCode/src/builtins/builtins-iterator-gen.cc`, both include the header file `/mnt/V8SourceCode/src/builtins/builtins-collections-gen.h`. The header file is represented by a gray box at the top, while the source files are in white boxes below it. Blue arrows point from each source file to the header file.
