

v8::internal::maglev  
::RegisterFrameState  
::FreeRegistersUsedBy

```
graph LR; A["v8::internal::maglev  
::RegisterFrameState  
::FreeRegistersUsedBy"] --> B["v8::internal::maglev  
::ValueNode::ClearRegisters"]
```

A diagram showing a call from the `FreeRegistersUsedBy` method of the `RegisterFrameState` class to the `ClearRegisters` method of the `ValueNode` class. The source box is shaded gray and the target box is white. A blue arrow points from the source to the target.
