

v8::internal::compiler
::turbohaft::LateEscapeAnalysis
Reducer::Analyze

```
graph LR; A["v8::internal::compiler  
::turbohaft::LateEscapeAnalysis  
Reducer::Analyze"] --> B["v8::internal::compiler  
::turbohaft::LateEscapeAnalysis  
Analyzer::Run"]
```

A diagram showing a call from the Reducer::Analyze method to the Analyzer::Run method. The call is represented by a blue arrow pointing from the left box to the right box.
