

v8::internal::torque
::CfgAssembler::TopRange

```
graph LR; A[v8::internal::torque::CfgAssembler::TopRange] --> B[v8::internal::torque::CfgAssembler::CurrentStack]
```

A diagram showing a relationship between two classes. On the left, a gray box contains the text 'v8::internal::torque' and '::CfgAssembler::TopRange'. A blue arrow points from this box to a white box on the right. The white box contains the text 'v8::internal::torque' and '::CfgAssembler::CurrentStack'.
