

v8::internal::wasm
::TurbohaftGraphBuildingInterface::Trap

```
graph LR; A["v8::internal::wasm  
::TurbohaftGraphBuildingInterface::Trap"] --> B["v8::internal::wasm  
::TurbohaftGraphBuildingInterface  
::GetTrapIdForTrap"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'v8::internal::wasm' followed by '::TurbohaftGraphBuildingInterface::Trap' on the next line. The right box is gray with a black border and contains the text 'v8::internal::wasm' followed by '::TurbohaftGraphBuildingInterface' on the next line, and '::GetTrapIdForTrap' on the third line.
