

```
v8::internal::Handle  
< v8::internal::NativeContext  
 >::New
```

A diagram showing a function call on the left and its target on the right. The left box contains the text `v8::internal::Handle`, `< v8::internal::NativeContext`, and `>::New`. A blue arrow points from the right side of this box to the left side of the right box. The right box contains the text `v8::internal::direct` and `_handle`.

```
v8::internal::direct  
_handle
```
