

v8::internal::maglev
::OpProperties::GenericRuntime
OrBuiltinCall

```
graph LR; A["v8::internal::maglev  
::OpProperties::GenericRuntime  
OrBuiltinCall"] --> B["v8::internal::maglev  
::OpProperties::NotIdempotent"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'v8::internal::maglev', '::OpProperties::GenericRuntime', and 'OrBuiltinCall' on three lines. The right box is gray with a black border and contains the text 'v8::internal::maglev' and '::OpProperties::NotIdempotent' on two lines.
