

v8::internal::maglev
::ValueLocation::SetAllocated

```
graph LR; A["v8::internal::maglev  
::ValueLocation::SetAllocated"] --> B["v8::internal::DCHECK"]
```

A diagram showing a call to the `SetAllocated` method of the `v8::internal::maglev::ValueLocation` class. A blue arrow points from the left box to the right box, indicating the call.

v8::internal::DCHECK
