

v8::internal::anonymous
_namespace{regexp-compiler
-tonode::cc}::AddLoneTrailSurrogates

```
graph LR; A["v8::internal::anonymous  
_namespace{regexp-compiler  
-tonode::cc}::AddLoneTrailSurrogates"] --> B["v8::internal::UnicodeRange  
Splitter::trail_surrogates"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a white background and a black border, containing the text 'v8::internal::anonymous', '_namespace{regexp-compiler', and '-tonode::cc}::AddLoneTrailSurrogates'. The right box has a gray background and a black border, containing the text 'v8::internal::UnicodeRange' and 'Splitter::trail_surrogates'.
