

v8::internal::JsonStringifier
::TrySerializeSimplePropertyKey

```
graph LR; A["v8::internal::JsonStringifier::TrySerializeSimplePropertyKey"] --> B["v8::internal::JsonStringifier::SimplePropertyKeyCache::Contains"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a black border and contains the text 'v8::internal::JsonStringifier' followed by '::TrySerializeSimplePropertyKey' on the next line. The right box has a gray fill and a black border, containing the text 'v8::internal::JsonStringifier' followed by '::SimplePropertyKeyCache' and '::Contains' on the next two lines.
