The diagram illustrates a call graph where two source functions, 'v8::internal::maglev::MaglevCompiler::Compile' and 'v8::internal::compiler::turbohaft::RunMaglevOptimizations', both point to a common target function, 'v8::internal::maglev::MaglevInliner::Run'. The target function is highlighted with a gray background, while the source functions have white backgrounds. Blue arrows indicate the direction of the calls from the source functions to the target function.
