

v8::internal::anonymous  
\_namespace{js-date-time  
\_format::cc}::SameTemporalType

```
graph LR; A["v8::internal::anonymous  
_namespace{js-date-time  
_format::cc}::SameTemporalType"] --> B["v8::internal::anonymous  
_namespace{js-date-time  
_format::cc}::IsTemporalObject"]
```

A diagram showing a mapping from a type to an object. On the left, a gray box contains the text 'v8::internal::anonymous \_namespace{js-date-time \_format::cc}::SameTemporalType'. A blue arrow points from this box to a white box on the right. The white box contains the text 'v8::internal::anonymous \_namespace{js-date-time \_format::cc}::IsTemporalObject'.

v8::internal::anonymous
