

v8::base::VLQEncode

v8::internal::anonymous
_namespace{frame-translation
-builder::cc}::SignedOperand
::WriteVLQ

v8::base::VLQEncode

```
graph LR; A[v8::base::VLQEncode] --> C[v8::base::VLQEncode]; B[v8::internal::anonymous_namespace{frame-translation-builder::cc}::SignedOperand::WriteVLQ] --> C;
```

The diagram illustrates a relationship between three code entities. On the left, there are two boxes. The top box contains the text 'v8::base::VLQEncode'. The bottom box contains the text 'v8::internal::anonymous_namespace{frame-translation-builder::cc}::SignedOperand::WriteVLQ'. On the right, there is a single box containing the text 'v8::base::VLQEncode'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the right box, indicating that both entities on the left are associated with or point to the entity on the right.
