

v8::internal::maglev  
::MaglevGraphBuilder  
::RecordUseReprHint

```
graph LR; A["v8::internal::maglev  
::MaglevGraphBuilder  
::RecordUseReprHint"] --> B["v8::internal::maglev  
::Phi::RecordUseReprHint"]
```

A diagram showing a call from `MaglevGraphBuilder::RecordUseReprHint` to `Phi::RecordUseReprHint`. The source box is shaded gray and the target box is white. A blue arrow points from the source to the target.
