

v8::internal::CppGraphBuilder
Impl::RecordEphemeronKey

```
graph LR; A["v8::internal::CppGraphBuilder  
Impl::RecordEphemeronKey"] --> B["v8::internal::DCHECK"]
```

A diagram showing a call from the function `v8::internal::CppGraphBuilderImpl::RecordEphemeronKey` to the macro `v8::internal::DCHECK`. The source function is in a grey box on the left, and the target macro is in a white box on the right, connected by a blue arrow.

v8::internal::DCHECK
