

v8::internal::LogFile
::IsLoggingToTemporaryFile

```
graph LR; A["v8::internal::LogFile  
::IsLoggingToTemporaryFile"] --> B["v8::internal::LogFile  
::file_name"]
```

A diagram showing a call from the function `v8::internal::LogFile::IsLoggingToTemporaryFile` to the variable `v8::internal::LogFile::file_name`. The call is represented by a blue arrow pointing from the function box to the variable box.

v8::internal::LogFile
::file_name
