

v8::internal::baseline
::BaselineBatchCompiler
::InstallBatch

```
graph LR; A["v8::internal::baseline  
::BaselineBatchCompiler  
::InstallBatch"] --> B["v8::internal::DCHECK"]
```

A diagram showing a call from the `v8::internal::baseline::BaselineBatchCompiler::InstallBatch` function to the `v8::internal::DCHECK` macro. The source function is in a grey box on the left, and the target macro is in a white box on the right, connected by a blue arrow.

v8::internal::DCHECK
