

v8::platform::tracing
::TraceBufferRingBuffer
::MakeHandle

```
graph LR; A["v8::platform::tracing  
::TraceBufferRingBuffer  
::MakeHandle"] --> B["v8::platform::tracing  
::TraceBufferRingBuffer  
::Capacity"]
```

A diagram showing a call from the `MakeHandle` method to the `Capacity` method. The left box is shaded gray and contains the text `v8::platform::tracing::TraceBufferRingBuffer::MakeHandle`. A blue arrow points from the right side of this box to the left side of the right box. The right box is white and contains the text `v8::platform::tracing::TraceBufferRingBuffer::Capacity`.
