

```
v8::internal::wasm  
::LiftoffAssembler::  
CacheState::TrySetCachedInstance  
Register
```

A diagram showing a call from the `TrySetCachedInstanceRegister` method to the `SetInstanceCacheRegister` method. A blue arrow points from the left box to the right box.

```
v8::internal::wasm  
::LiftoffAssembler::  
CacheState::SetInstanceCache  
Register
```
