The diagram illustrates a relationship between three code components. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'v8_inspector::V8Debugger' followed by 'AgentImpl::enable' on a new line. The bottom box contains 'v8_inspector::V8Debugger' followed by 'AgentImpl::restore' on a new line. On the right, there is a gray rectangular box with a black border containing the text 'v8_inspector::V8Inspector' followed by 'Client::canExecuteScripts' on a new line. Two blue arrows point from the right side of the left boxes to the left side of the gray box. The top arrow originates from the right side of the top white box and points to the left side of the gray box. The bottom arrow originates from the right side of the bottom white box and points to the left side of the gray box.
