

v8::internal::InstanceType
Checker::IsMaybeReadOnlyJSObject

```
graph LR; A["v8::internal::InstanceType  
Checker::IsMaybeReadOnlyJSObject"] --> B["v8::internal::InstanceType  
Checker::IsMaybeReadOnlyJSObject"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow pointing from left to right. The left box has a light gray background and a black border, containing the text 'v8::internal::InstanceType' and 'Checker::IsMaybeReadOnlyJSObject'. The right box has a white background and a black border, containing the same text. The arrow is dark blue.
