

v8::internal::maglev
::MaglevCodeGenerator
::RecordInlinedFunctions

```
graph LR; A["v8::internal::maglev  
::MaglevCodeGenerator  
::RecordInlinedFunctions"] --> B["v8::internal::maglev  
::Graph::inlined_functions"]
```

A diagram showing a relationship between two V8 internal classes. On the left, a gray box contains the text 'v8::internal::maglev', '::MaglevCodeGenerator', and '::RecordInlinedFunctions'. A blue arrow points from this box to a white box on the right. The white box contains the text 'v8::internal::maglev' and '::Graph::inlined_functions'.
