

v8::internal::maglev  
::MaglevAssembler::EmitEager  
Deopt

```
graph LR; A["v8::internal::maglev  
::MaglevAssembler::EmitEagerDeopt"] --> B["v8::internal::maglev  
::MaglevAssembler::JumpToDeopt"]
```

A diagram showing a call from the `EmitEagerDeopt` method to the `JumpToDeopt` method. The source box is white with a black border, and the target box is gray with a black border. A blue arrow points from the source box to the target box.
