The diagram illustrates a class hierarchy. At the bottom is the class `v8::internal::ArrayListShape`, which is shaded gray and contains three public attributes: `+ kMapRootIndex`, `+ kLengthEqualsCapacity`, and `+ V8_ARRAY_EXTRA_FIELDS()`. Above it is the class `v8::internal::AllStatic`, which is white and has no visible attributes. A blue arrow with an open triangular head points from the top of the `ArrayListShape` box to the bottom of the `AllStatic` box, indicating that `ArrayListShape` inherits from `AllStatic`.
