

v8::internal::RegExpStack
::ThreadLocal::ResetToStaticStack
IfEmpty

```
graph LR; A["v8::internal::RegExpStack  
::ThreadLocal::ResetToStaticStack  
IfEmpty"] --> B["v8::internal::RegExpStack  
::ThreadLocal::ResetToStaticStack"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a light gray background and a black border, containing the text 'v8::internal::RegExpStack', '::ThreadLocal::ResetToStaticStack', and 'IfEmpty' on three lines. The right box has a white background and a black border, containing the text 'v8::internal::RegExpStack' and '::ThreadLocal::ResetToStaticStack' on two lines.
