

v8::internal::wasm
::fuzzing::GenerateWasmModule
ForRevec

```
graph LR; A["v8::internal::wasm  
::fuzzing::GenerateWasmModule  
ForRevec"] --> B["v8::internal::FixedSizeSignature  
::Params"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'v8::internal::wasm', '::fuzzing::GenerateWasmModule', and 'ForRevec' on three lines. The right box is gray with a black border and contains the text 'v8::internal::FixedSizeSignature' and '::Params' on two lines.
