

v8::internal::MachineType  
::IndirectPointer

```
graph LR; A["v8::internal::MachineType  
::IndirectPointer"] --> B["v8::internal::MachineType  
::MachineType"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a light gray background and a black border, containing the text 'v8::internal::MachineType' on the top line and '::IndirectPointer' on the bottom line. The right box has a white background and a black border, containing the text 'v8::internal::MachineType' on the top line and '::MachineType' on the bottom line. A dark blue arrow points from the right side of the left box to the left side of the right box.
