

v8::internal::maglev  
::StoreTrustedPointerFieldWith  
WriteBarrier::PrintParams

```
graph LR; A["v8::internal::maglev  
::StoreTrustedPointerFieldWith  
WriteBarrier::PrintParams"] --> B["v8::internal::maglev  
::StoreTrustedPointerFieldWith  
WriteBarrier::offset"]
```

A diagram showing a transformation from a function call with `PrintParams` to one with `offset`. A blue arrow points from the left box to the right box.
