

v8::internal::EtwTraceDebug

+info

```
classDiagram
    class v8::internal::EtwTraceDebug {
    }
    v8::internal::EtwTraceDebug --> v8::internal::EtwTraceDebug : +info
```

The diagram shows a class named v8::internal::EtwTraceDebug. It is represented by a rectangle divided into three horizontal sections. The top section contains the class name. The middle and bottom sections are empty. To the right of the middle section, there is a curved line with a small diamond at its end, pointing to the text +info.
