

```
cppgc::internal::anonymous  
_namespace{sweeper::cc}  
::DeferredFinalizationBuilder  
::GetResult
```

A diagram showing a call from a C++ garbage collection module to a V8 JavaScript engine module. A grey box on the left contains the C++ code snippet, and a white box on the right contains the V8 code snippet. A blue arrow points from the grey box to the white box, indicating the direction of the call.

```
v8::internal::compiler  
::turbohaft::is_empty
```
