

v8::internal::CallInterface  
Descriptor::CheckFloatingPointParameters

```
graph LR; A["v8::internal::CallInterface  
Descriptor::CheckFloatingPointParameters"] --> B["v8::internal::CallInterface  
DescriptorData::register_param_count"]
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow pointing from left to right. The left box is white with a black border and contains the text 'v8::internal::CallInterface' and 'Descriptor::CheckFloatingPointParameters'. The right box is gray with a black border and contains the text 'v8::internal::CallInterface', 'DescriptorData::register', and '\_param\_count'.
