

v8::internal::FixedArray  
::CopyElements

```
graph LR; A["v8::internal::FixedArray  
::CopyElements"] --> B["mode"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is gray with a black border and contains the text 'v8::internal::FixedArray' on the top line and '::CopyElements' on the bottom line. A blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'mode'.
