

v8::internal::torque
::InstructionBase

```
graph BT; A["v8::internal::torque  
::CallCsaMacroAndBranchInstruction"] --> B["v8::internal::torque  
::InstructionBase"]
```

The diagram illustrates an inheritance relationship between two C++ classes. At the bottom is a gray box representing the base class, and at the top is a white box representing the derived class. A blue arrow points from the base class box to the derived class box, indicating that the derived class inherits from the base class.
