The diagram illustrates a mapping or inheritance relationship between three V8 internal functions. On the left, two white rectangular boxes represent source functions: 'v8::internal::ObjectStats::PrintInstanceTypeJSON' (top) and 'v8::internal::ObjectStats::PrintJSON' (bottom). On the right, a gray rectangular box represents the target function: 'v8::internal::ObjectStats::PrintKeyAndId'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both source functions are mapped to or inherit from the target function.
