

v8::internal::JavaScript
BuiltinContinuationFrame::cast

```
graph LR; A["v8::internal::JavaScript  
BuiltinContinuationFrame::cast"] --> B["v8::internal::StackFrame  
::is_javascript_builtin  
_continuation"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'v8::internal::JavaScript BuiltinContinuationFrame::cast'. The right box is gray with a black border and contains the text 'v8::internal::StackFrame ::is_javascript_builtin _continuation'.
