

wasm_memorytype_limits

wasm_tabletype_limits

hide_limits

```
graph LR; A[wasm_memorytype_limits] --> C[hide_limits]; B[wasm_tabletype_limits] --> C;
```

The diagram illustrates a data flow where two separate inputs, 'wasm_memorytype_limits' and 'wasm_tabletype_limits', are combined into a single output, 'hide_limits'. The input boxes are white with black borders, while the output box is gray with a black border. Two blue arrows point from the right side of each input box to the left side of the output box.
